PROFESSIONAL SUMMARY |

Digital marketer with hands-on client work across nutrition, dental care, and creative services. Experienced in content strategy, social media management, and visual content development, focused on paid advertising and campaign performance. Organized, hardworking, and detail-focused, with an audience-first approach to understanding each business and building relevant marketing strategies.

EXPERIENCE |

Freelance Digital Marketer | Independent Client Projects | Giza, Egypt | **Jul 2026-Present**

- Developed a content strategy for a nutrition professional to increase awareness, explain the service, and communicate that dieting can be approachable and does not have to involve deprivation.
- Designed multiple social media posts for a dental clinic, showing available services, treatment cases, and before-and-after examples.
- Prepared a content strategy for a video editor and graphic designer to support consistent publishing despite limited time.
- Contributed to content strategy, social media account management, post design, and visual identity and logo development.

SELECTED PROJECTS |

Nutrition Professional | Content Strategy - Awareness, service education, and messaging around an easier approach to dieting without deprivation.

Dental Clinic | Social Media Designs - Designed multiple posts presenting clinic services, treatment cases, and before-and-after examples.

Creative Professional | Content Strategy - Built a publishing strategy for a video editor and graphic designer with limited time for posting.
